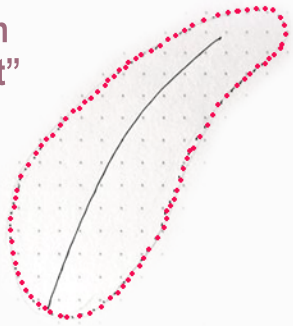
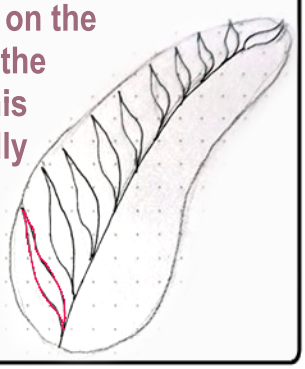
#208 PALM FROND

STEP #1
In Pencil Draw a Graceful Curve

STEP #2
Lightly Pencil An Outine Kind of an "Eggplant" Shape

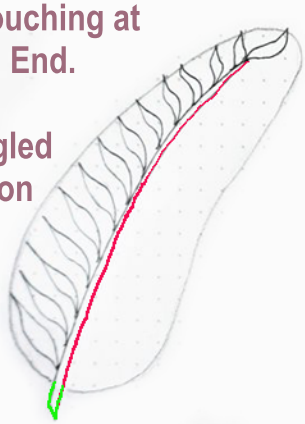


STEP #3
With Double Curving Lines Start at bottom to Add Leaves that Touch on the Curve and the Outline. This will naturally graduate their size.



STEP #4
Add a Second Line Along the Curve, Touching at the Small End.

Make Angled Connection at the Base.



STEP #5
Draw Leaves Up the Other Side of Frond

NOTE: How the Leaves TWIST in the opposite Direction

STEP #6
Starting at Stem, Add a Center Vein (Approx. 2/3 of length) to each Leaf

Ink all pencil lines EXCEPT the Oblong Outline.

Erase ALL Pencil
