Scripture Writing Plan March 2017

Each day of March,
focus on the corresponding word(s) or verse(s).

On WORD days, look for verses about the word provided,
illustrate it, do a word study or write what that word means to you.

On VERSE days, use a spiral notebook and WRITE the Scripture at least once. Maybe 3 or 4 times?
Use Different Colored Ink? From Different Translations? Use a Hand-Lettering Style?

The THEME for this month is GROWTH

What it means to be rooted and grounded in God's Word and how that should produce fruit.

Post in the "March Scripture Writing Thread" in the CBJ Facebook Group
