

#1. Create pencil guide box 16 units wide and 8 units high. Divide in half.

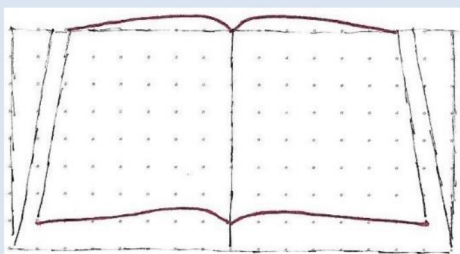

#2. Add guide dots at top edge – 1 and 2 units in from each side. Add lower guide dots – 1 unit up at center and 1 unit from each side.

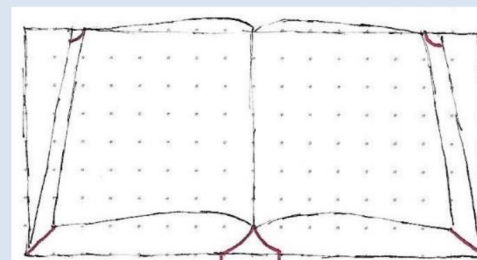

#3. Connect inner upper dots to inner lower dots. Connect outer upper dots with lower corners.

#4. Use bowed lines to connect center to sides on top and bottom as shown. Note that the 'rise' on all these curves in $\frac{1}{2}$ unit.

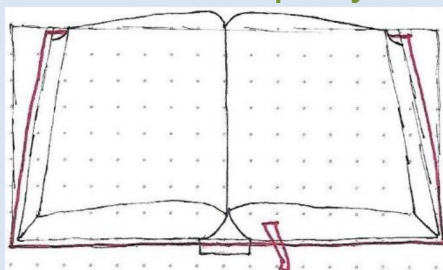

#5. Add small curved lines at two upper corners connecting the inner and outer lines.

#6. Add a curved 'tent' at the bottom center from guide dot.

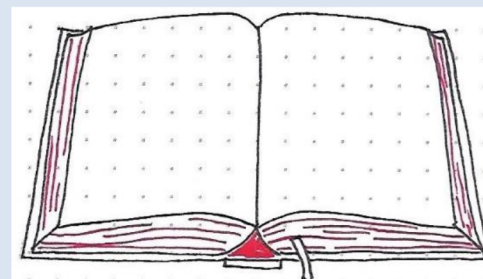

#7. Beginning at upper left add a 'rim' above the curved corner ...down the side...completely across the bottom (cross over the tent) ...up the right side ...back in at upper corner.

#8. Pencil in a 'bookmark'.

#8. Trace in ink: bookmark then rest of book.

#9 Add lines to indicate page edges. Shade 'tent' opening.

#10. Erase pencil.
