

#D19-45 "Camera"

DIRECTIONS: P-I-E (Pencil, Ink, Erase) First use **PENCIL**, Draw the **Red ink** in each step. Then **INK** all lines, **ERASE** Pencil. **COLOR**

#1. In pencil, make a rectangle that measures 6 units high by 9 units wide (camera body).

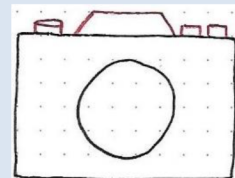

#2. Make a centered circle that is 4 units across (lens).

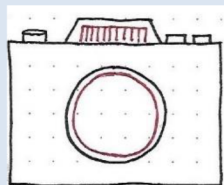

#3. Add a sloped rectangle to the center top that is 3 units wide at the top and tapers out 1/2 unit on each side (flash).

#4. Add one button to the left and two on the right (controls).

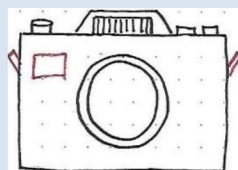

#5. Add a striped rectangle in the upper flash unit.

#6. Add an inner ring to the lens 1/2 unit inside the larger circle.

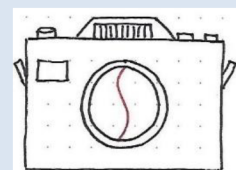

#7. Add a small rectangle on the upper left of the body. This will be about 1 1/2 units wide and 1 unit high (view finder).

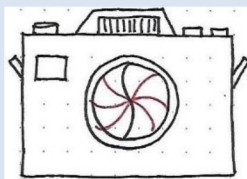

#8. Draw two angled rectangles off the upper sides (strap holders)

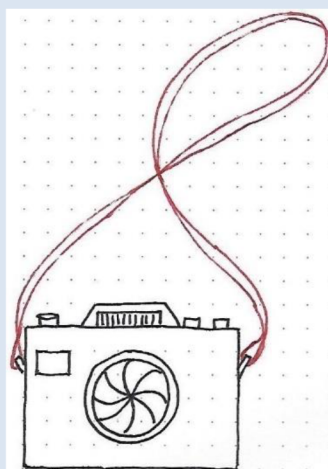

#9. Across the lens from top to bottom, draw a shallow 's' curve that crosses exactly at the midpoint.

#10. Repeat step 9 on the horizontal and both diagonals (shutter).

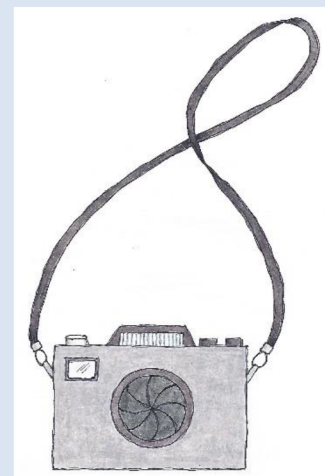

#11. Add a long, twisted strap that attaches to the two strap holders drawn in step 8.

#12. Trace all lines in ink and erase pencil.

#13. Color in shades of gray.
